ABOUT ME

Motivated Software Engineer skilled in JavaScript, React.js, Node.js, Express.js, MongoDB, and RESTful APIs. Experienced in developing responsive, scalable applications with a focus on clean code, problem-solving, API integration, and database management. Passionate about learning new technologies and building efficient software solutions.

WORK EXPERIENCE

Axiom World , MERN Stack Developer

Jan 2026 - Present

- Developing and maintaining front-end features using React JS and Next JS for client facing web applications. Collaborating with design and backend teams to deliver responsive, high-quality UI components.

Daira Engineering, Intern as Front-End Developer

Aug 2025 - Nov 2025

- During my internship, I worked on a frontend project using React Native, where I was responsible for developing and implementing user interface components for a mobile application.

PROJECTS

Promount Solar

2026

- Developed a solar promount calculator web application to estimate mounting hardware and structural requirements for solar panel installations. Implemented dynamic input forms allowing users to configure panel count, layout, and roof type to generate accurate material calculations.

OneClick Book

2026

- Built a full-featured booking web application using NextJS and Tailwind CSS. Integrated REST APIs for real-time data handling and booking management

AI Recipe Generator (Final Year Project)

2025

- Built a website with React & Firebase, Used Gemini AI features ,Handled APIs and authentication

EDUCATION

Bachelor of Computer Science

Oct 2021 - Jun 2025

- National College of Business Administration and Economics
- CGPA, 3.49

Intermediate In FSC pre engineering

Sep 2019 - Sep 2021

- GOVT Khawaja Rafeeq Saheed College

HARD SKILLS

- **Languages:** HTML, CSS, JavaScript, Python, SQL
- **Frameworks & Libraries:** React JS, Next JS, Node JS, MongoDB, React Native, Tailwind CSS, Bootstrap
- **Developer Tools:** Git, GitHub, Figma, REST APIs

CERTIFICATIONS

- **Full Stack Development** NAVTACC,2024
- **Wordpress Development** DigiSkills,2023
- **Digital Marketing** DigiSkills,2023
